This is a very special example, being unrestored and benefitting from just 3 owners and a believed 8,300 miles from new.

1 of only 623 left-hand drive, North American supplied examples and it was delivered new to its first owner in the summer of 1974, making it a very late production car.

Specified in Rosso Chiaro with Beige VM3234 Connolly leather interior, which was certainly the Ferrari colour of the period! The car was also ordered with the factory optional extras of Daytona style seats (Chairs), air conditioning and electric windows.

Awarded its Ferrari â€˜Red Bookâ€™ Classiche certification in 2017, which confirms it still retains its original chassis, body, engine and gearbox.
