£SOLD

Mileage	6,655 miles	Engine Capacity	6496cc
Body Style	Convertible	Fuel	Petrol
Transmission	Semi-automatic	Chassis No.	273377

The Ferrari 812 GTS marks the glorious return of a front-engined, V12-powered open-top Ferrari. The first series-production Spider of its kind in nearly 50 years. Based on the 812 Superfast, the GTS blends breathtaking performance with the drama and emotion of open-air motoring.

Powered by a 6.5-litre naturally aspirated V12 paired with a lightning fast 7-speed dual-clutch F1 transmission, producing 789 bhp at a staggering 8,500 rpm, with a redline that soars to 8,900 rpm. The 812 GTS is capable of 0-60mph in 2.9 seconds and a top speed over 211 mph, all with the roof down.

The retractable hard top opens in just 14 seconds and operates at speeds up to 27 mph, preserving the 812â€™s elegant proportions while allowing full access to the V12â€™s symphonic soundtrack. Aerodynamically optimised to retain the coupeâ€™s performance and handling, the GTS features revised airflow management and active systems to ensure

downforce and driver comfort remain uncompromised.

This example was commissioned in a special order extracampionario paint finish and an extracampionario interior trim, specified with a host of factory options and features that include; Â Daytona style seats, full electric seating, high powerHi-Fi system, Cavallino stitching to headrests in Nero, carbon fibre drivers zone +LEDS, carbon fibre central bridge, carbon fibre centre console, carbon fibre dashboard inserts, Nero air vents grips to dashboard, AppleCarPlay, passenger display, suspension lifter, adaptive headlamps with SBL function, surround view, carbon fibre front spoiler, carbon fibre to exterior kick plate, carbon fibre to front part of bumper, carbon fibre rear side of bumper, Scuderia shields, 20″ forged diamond racing wheels, titanium exhaust tail pipes, glossy Nero brake callipers, chrome Cavilling to fuel filler cap, and security tracking system.

Presented in â€˜as newâ€™ condition throughout and offered complete with its original books including the service/warranty supplement, spare keys, car cover, battery conditioner, tracker fobs and a dedicated history file. The car benefits from the remainder of its 4 year Warranty, along with the 7 year service plan until December 2028.
