GT Silver Metallic with Ascot Brown Leather

£SOLD

Mileage	5,877 miles	Engine Capacity	5733cc
Body Style	Targa	Fuel	Petrol
Transmission	Manual	Chassis No.	000074

The Carrera GT was Porscheâ€™s first mid-engine supercar and boasts a Formula 1 derived four-cam V10 engine.

This particular car is a European supplied example from new, it's car number 363 of only 1,270 Carrera GT's ever produced worldwide and boasts just 2 owners from new. It was originally specified in the highly desirable colour combination of GT Silver Metallic over an Ascot Brown leather interior, which turned out to be the most popular colour combination for the model.

It is one of the most original examples we have handled for several years and is offered for sale fresh from a service carried out by Porsche Central Operations, Reading, in which new tyres were also fitted along with the replacement of the TPMS sensors.

The car is offered with its original handbooks including the ever important service/warranty booklet, leather pouch, spare

key, fitted leather luggage set finished in matching Ascot Brown, additional seat squabs, wheel nut, roof straps, roof bags, towing eye, tyre inflator kit, warning triangle, car cover and a dedicated history file.

Presented in exceptional condition throughout and with its extremely low ownership and mileage, it represents a fantastic opportunity to purchase one of the greatest analogue supercars of all-time.

Registered and taxes paid in Switzerland.
