**£POA**

Mileage	3,563 miles	Engine Capacity	cc
Body Style	Coupe	Fuel	Electric
Transmission	Automatic	Chassis No.	221553

The Rolls-Royce Spectre represents the beginning of an entirely new era for the marque as the first fully electric Rolls-Royce ever produced. The Spectre redefines ultra-luxury motoring whilst retaining the craftsmanship, refinement and commanding road presence expected of Goodwoodâ€™s flagship grand tourers. With its elegant fastback silhouette, illuminated Pantheon grille and beautifully appointed interior, the Spectre seamlessly blends cutting-edge technology with traditional Rolls-Royce luxury. Producing 577bhp from its dual-motor all-wheel-drive powertrain, performance is delivered with complete smoothness and near-silent refinement, making it one of the most sophisticated grand touring cars ever created.

Beyond its remarkable performance and refinement, the Spectre showcases Rolls-Royce craftsmanship at its very finest. The meticulously handcrafted interior offers an unrivalled sense of occasion, featuring the marqueâ€™s signature Starlight Headliner and beautifully curated materials throughout the cabin. Designed to deliver effortless long-distance comfort, the Spectre combines modern innovation with timeless elegance, creating a truly serene grand touring experience unlike any
