Alluminio Opaco with Charcoal Leather

£POA

Mileage	1,194 miles	Engine Capacity	4497cc
Body Style	Convertible	Fuel	Petrol
Transmission	Semi-automatic	Chassis No.	209732

The Speciale Aperta is one of the rarest and most desirable modern Ferrari convertibles ever produced. Only 49 right-hand-drive Ferrari 458 Speciale Apertas were allocated to the UK, from a strictly limited worldwide production run of just 499 units.

The Speciale Aperta represents the ultimate open-top evolution of Ferrariâ€™s celebrated naturally aspirated 4.5-litre V8, combining the extraordinary performance and engineering with the exhilaration of open-air driving and one of the most evocative exhaust notes of the modern era.

Developed with the same uncompromising focus as the 458 Speciale, the Aperta benefits from Ferrariâ€™s sophisticated Side Slip Angle Control system, advanced active aerodynamics and extensive weight-saving measures. The result is a car that offers remarkable agility, precision and driver involvement, while retaining the theatre and usability expected of a Ferrari road car.

Visually, the Aperta is unmistakable, with its aggressive aerodynamic detailing, distinctive livery and beautifully integrated retractable hardtop. With the roof lowered, the combination of the high-revving V8, rapid-shifting seven-speed dual-clutch gearbox and extraordinary chassis delivers a driving experience that few modern Ferraris can match.

A highly specified Atelier example that benefits from an extensive list of factory optional extras and features, including special four-layer exterior paintwork with a Giallo and Strato Opaco two tone livery, matte carbon fibre racing seats with Tessuto 3D fabric in Giallo, Giallo seat belts, matte carbon fibre centre console, matte carbon fibre centre bridge and air vents, driverâ€™s seat lifter, Giallo Cavallino stitching to the headrests, Charcoal leather upper dashboard, lower tunnel, interior wheel arches and headlining, matte carbon fibre steering wheel with LEDs, steering wheel trimmed in Charcoal leather with Giallo stitching, Giallo livery to the centre steering wheel, sun visors in Charcoal leather with Giallo stitching, Giallo rev counter, radio-navigation system and Bluetooth, interior and exterior electrochromic mirrors, Ferrari carpet mats with logo, carbon fibre sill plates, front and rear parking sensors, rear parking camera, suspension lifter, matte carbon fibre B-pillar trims, matte carbon fibre rear diffuser, Scuderia shields; Giallo brake callipers, titanium exhaust pipes, front end PPF and Meta Trak security system.

The car benefits from a complete Ferrari documented service history from new, with services carried out as follows:
