TOM HARTLEY JNR

2012 FERRARI 458 Spider

Rosso Corsa with Nero Leather

£289,500

Mileage	6,625 miles	Engine Capacity	4497cc
Body Style	Convertible	Fuel	Petrol
Transmission	Semi-automatic	Chassis No.	191112

Introduced at the Frankfurt Motor Show in 2011, the Ferrari 458 Spider was the open-top counterpart to the highly acclaimed 458 Italia. Combining Pininfarina's elegant design with Ferrari's advanced engineering, the Spider featured an innovative retractable aluminium hardtop, which could be raised or lowered in just 14 seconds. The design allowed the Spider to retain the striking silhouette of the coupÃ© whilst offering the exhilarating experience of open-top motoring.

Powered by Ferrari's 4.5-litre naturally aspirated V8 engine, producing 562 bhp, the 458 Spider delivers an exhilarating driving experience, accompanied by one of the most distinctive engine soundtracks of any modern Ferrari. With the retractable hardtop lowered, the unmistakable howl of the high-revving V8 becomes an integral part of the driving experience, building in intensity towards its 9,000 rpm redline. Paired with Ferrari's seven-speed dual-clutch transmission, the 458 Spider accelerates from 0â€“62 mph in just 3.4 seconds and is capable of exceeding 199 mph.
