## Rosso with Red Sport Seats

## £SOLD

| | | | |
|---|---|---|---|
| Mileage | 1,201 miles | Engine Capacity | 2936cc |
| Body Style | Coupe | Fuel | Petrol |
| Transmission | Manual | Chassis No. | 086989 |

A very special UK supplied car. Only 1 owner from new until 2016, at which time we sold the car to its second owner. An adjustable suspension, catalytic convertor example that's been cherished since new. The kevlar weave is evident all over the bodywork and factory markings are still in place. Still complete with its original luggage, handbooks including service/warranty booklet, leather wallet, spare key and complete history file. An F40 is one of the most iconic cars of all time, 1315 were produced, however very few in existence can compare with this particular car!
