TOM HARTLEY JNR

2008 BUGATTI Veyron

Jet Black with Red Leather & Alcantara

SOLD

Mileage	3,355 miles	Engine Capacity	7993cc
Body Style	Coupe	Fuel	Petrol
Transmission	Automatic	Chassis No.	795144

This particular car is the result of a strong design collaboration with Bugatti and the carâ€™s first owner. Every detail was meticulously and thoughtfully chosen, including its stunning jet black paint, Alcantara door panels (the only car to have such) and Alcantara on the bottom of the dash (the very first to have this installed). In addition, matching colour Alcantara headlining and central tunnel were specified along with comfort seats, heated seats, Bugatti logo to the seats and black brake callipers. A UK supplied car from new, serviced in 2009, 2010, 2012, 2013 and 2014, at which time the tyres were also replaced. Complete with its original owners manual/service booklet, spare key, speed key, PDA, battery conditioner and car cover. Totally as new throughout and represents fantastic future potential!
