TOM HARTLEY JNR

2001 AC CobraSuperblower

Silver With Painted Blue Stripes with Blue

£SOLD

Mileage	3,381 miles	Engine Capacity	5000cc
Body Style	Roadster Coupe	Fuel	Petrol
Transmission	Manual	Chassis No.	017017

The AC Superblower was produced by AC Cars (the original manufacturer of the AC Cobra). Built using original factory tooling and at the Brooklands AC Cars factory. Powered by a 5.0 litre Ford V8 engine that produces 355bhp. Trimmed with the finest English leather, deep pile wool carpeting and Smiths instrument gauges throughout. The example we are offering here is 1 of only 28 cars ever built, a total spec example with optional extras from new that include painted stripes, painted wheel centres, perspex sun visors, three eared spinners and windings. Presented in beautiful condition throughout and complete with its original handbook, wet weather gear and tools. A huge amount of fun to drive and fantastic value for such an iconic car.
