

TOM HARTLEY JNR

1986 MERCEDES-BENZ 500SL
Arctic White with Grey Leather
£75,000

Mileage	9,849 miles	Engine Capacity	4973cc
Body Style	Convertible	Fuel	Petrol
Transmission	Automatic	Chassis No.	044249

This is one very special car! It was ordered new by the revered Patrick Collection, being specified with many additional features, including air conditioning, full leather trim, rear seats, heated front seats, orthopaedic seats, outside temperature gauge, Becker Grand Prix radio/cassette, sump shield and cruise control. This example has been well known from new and is accompanied by a fantastic history file, which includes its original order form, original invoice, PDI inspection sheet, factory data card, 23 MOTs and its original handbooks, including its service book and factory model literature. The car also comes complete with its factory hardtop and soft-top, spare wheel, tool kit, jack, fire extinguisher, first aid kit and locking wheel nut. Being a 500 that has very low mileage, totally documented history throughout its life and owned by some very discerning collectors, this particular car would have to be considered the ultimate 'R107' to own!
