TOM HARTLEY JNR

2015 FERRARI LaFerrari

Grigio Titanio with Nero

SOLD

Mileage	198 miles	Engine Capacity	6262cc
Body Style	Coupe	Fuel	Petrol
Transmission	Automatic	Chassis No.	210108

This particular LaFerrari is one of the most stunning examples we have ever seen. Optional extras include: matte carbon fibre lower part, roof, rear diffuser, rear flaps, mirrors, bracket for mirrors, bonnet air intake front lip, lower windscreen surround plus the rear fog lamp. Grigio Silverstone matte wheels with matching callipers and carbon fibre centre caps and Sports tailpipes. The interior is Nero leather with a Grigio Silverstone Alcantara seem on the seat, Cavallino horses stitched on the headrests and the whole carbon inside finished in matte to match the exterior. Never before have we seen so much thought go into the spec of one of these cars and the result is simply breathtaking. A 1 owner example thatâ€™s barely been driven and still complete with all its factory accessories.
