This car should not be confused with just another Daytona. Ordered by and delivered new to Colonel Ronnie Hoare of Maranello Concessionaires for his own personal use. Finished in its original colour combination and benefits from factory fitted air conditioning from new. Complete with its original leather pouch, books including its original warranty card which is dated and stamped, spare keys, factory duster plus a very well-documented history file which includes the original factory invoice and correspondence dating back to 1973. The car has only covered 10,811 miles from new and owned by some of the UKâ€™s most well-respected collectors throughout its life, with the last ownership spanning some 25 years. Never taken apart or restored yet presents beautifully throughout, with the interior in â€˜as newâ€™ condition. An ex-Ferrari Owners Club concours winner, in addition it is offered for sale with its famous historical registration number 175 MPH, which has been associated with this car for more than three decades. One of the most original and highly regarded right-hand drive Daytonaâ€™s in existence.
