TOM HARTLEY JNR

1964 ASTON MARTIN DB5

Dubonnet with Black Leather

£SOLD

Mileage	N/A miles	Engine Capacity	3995cc
Body Style	Coupe	Fuel	Petrol
Transmission	Manual	Chassis No.	DB5/1533/R

A very well restored example and previous AMOC Concours winner.

Originally delivered as presented today in the very attractive colour combination of Dubonnet over Black leather interior and importantly still retains its original engine.

Single ownership for the last 25 years, where it's resided within one of the worlds most prominent collections. Upon our acquisition we immediately entrusted the car to marque specialists Spray Tec Restorations Ltd with the remit to recommission the car after very little use with the last owner. Work carried out included a major service plus a gearbox and brake overhaul.

Fresh from these works our DB5 is also complete with its original Lake & ElliotÂ jack, tool roll and documented history file that includes its factory build sheet, maintenance invoices dating back to 1970, correspondence and invoices from its restoration plus its AMOC results where it recorded 98 out of 100 points, a record at that time.
