The Carrera GT was Porsche's first mid-engine supercar with a Formula 1-derived four-cam V10 engine. This EU supplied example is car number 149 of only 1,270 examples ever produced, finished in the stunning colour combination of GT Silver over Ascot Brown leather interiorÂ and has only covered a mere 2,516 miles from new.

The car benefits from a recent major service at Porsche Reading, who were also authorised to attend to any other recommendations, ensuring it has complete clean bill of health for the next owner.

Complete with its handbooks including the service/warranty supplement and leather pouch, set of matching luggage, spare key, roof straps, towing eye, tyre inflator, screw driver, tyre sealant, first aid kit, warning triangle plus a well-documented history file that also includes its Porsche Letter of Origin.

Indistinguishable from new throughout and a car we have known for several years.
