Mileage	1,478 miles	Engine Capacity	5998cc
Body Style	Coupe	Fuel	Petrol
Transmission	F1	Chassis No.	132653

Originally delivered new in 2003 to Italyâ€™s foremost car collector Emilio Gnutti before being purchased by its most recent and only other owner, Mercedes-Benz F1 CEO and Team PrincipalÂ Toto Wolff in the September of 2014.

Very few optional extras were available on these cars new but this particular car was specified with extra-large racing seats and Rosso instrument dials.

Less than 350km has been covered in the car whilst in Toto's ownership, those miles all accumulated on a very memorable day with himself, his wife Susie and F1 legend Niki Lauda driving some of his cars through the Austrian Alpes.

The car also benefits from its Ferrari 'Red Book' Classiche certification, which confirms it still retains its original chassis, body, engine and gearbox.
