2017 BUGATTI Chiron

Blue Royal Exposed Carbon Fibre with Beige Leather Stitched in French Racing Blue

£SOLD

Mileage	3,912 miles	Engine Capacity	7993cc
Body Style	Coupe	Fuel	Petrol
Transmission	Semi-automatic	Chassis No.	795028

An incredible spec car that was ordered new with a host of optional extras. The very expensive option of a fully exposed carbon fibre body finished in Blue Royal was specified, in addition the car has French Racing Blue accents throughout including the front Horse Shoe, brake callipers, rear EB-logo, engine cover and interior stitching. Carbon fibre and leather interior trim, Comfort style seats and colour coded seat belts.

Delivered new to mainland Europe but imported and registered in the UK in 2020. The car benefits from impeccable service history from new, as detailed below:

2017 April – PDI at Bugatti

2018 January – Service at Bugatti DÃ¼sseldorf

2019 February – Service at Bugatti Düsseldorf

2020 January – Service at Bugatti Düsseldorf

2021 February – Service at Bugatti London

Presented in indistinguishable condition from new throughout and complete with all of its factory accessories including the dedicated metal box, speed key, spare key, USB memory stick containing production images and original specification, original owners handbooks, car cover and trickle charger. In addition the car benefits from the finest paint protection film we have ever witnessed, one that is nearly impossible to see applied.

A fantastic opportunity to purchase a very special spec and impeccably maintained Chiron at a huge saving from its cost new price. With an 8 litre, 16-cylinder quad-turbocharged engine that produces 1,500 hp, 1,600 Nm of torque and a top speed that is electronically limited to an incredible 261 MPH, there's no dispute that a Chiron is 'The *Concorde* of automobiles'!
